Sub: 3-Point Public Resolution passed at “Public Awareness Rally” 31st Oct
Sir,

The “Public Awareness Rally” organised by the ACAUT and held on 31st October, 2013, felt the need to address all the 3 entities responsible for the welfare and security of the Naga people, namely, the Naga Political Groups (NPGs), the Government of India (GOI) and the Government of Nagaland (GoN). A 3 (three) point resolution was passed by the 40,000 strong concerned Naga citizens in the rally which we believe is representative of the concerns of the citizens of the whole state; participants in the rally included tribal hoho leaders, leaders of mass-based organisations such as Nagaland Tribes Council (NTC), Naga Mothers’ Association (NMA), Eastern Naga Peoples’ Organisation (ENPO) and Naga Students’ Federation (NSF). The following resolutions were passed:

1. The Naga public recognizes “One Government One Taxation” only and the Naga public has decided to pay only one tax to one entity. This also means that as long as factionalism exists, the Naga public shall not pay tax.
2. The Naga public re-affirms its support for Naga movement and strongly urges the Government of India to settle the Indo-Naga imbroglio at the earliest.
3. The Government of Nagaland should constitute a high powered committee within 15 days to study **THE WHOLE GAMUT OF UNABATED TAXATIONS AND ILLEGAL COLLECTIONS INVOLVING THE NPGS AND GOVERNMENT AGENCIES/DEPARTMENTS**. The committee shall consist of atleast 5 (five) members headed by a retired judge of the Supreme Court or High Court with atleast 2 members from the ACAUT. The committee should submit its report within 2 months with its findings published in all the newspapers. In the event of the government failing to constitute the committee within the said period, the ACAUT will initiate further action in consultation with public.
