TAXATION (ACAUT) NAGALAND**

Ref. No.....

The Heads of all Government Departments  
Nagaland

Sub: Illegal and unauthorized deduction of employee salaries

Sirs/Madams

The long practice of Nagaland government departments deducting the salaries of its employees for the so-called welfare of the Naga political groups is illegal, arbitrary, an open practice of corruption and in total violation of government service rules. No HoDs or departmental DDOs are authorized to deduct the salary of its employees for payment to any individuals or organisations. There is no standing government order to such effect and therefore, any departmental official carrying out such illegal activities is a serious offence and criminal charges are liable to be framed against such officials.

The state government is a different entity and the Naga political movement is a separate issue; therefore, the erring HoDs and DDOs shall be held fully responsible for such extra-constitutional acts and prosecuted. At a time when the cry is reconciliation and peace, the government departments are directly **encouraging factionalism** in the movement by doling out money to all the factions through illegal means and such action is deemed anti-Naga.

The ACAUT Nagaland is taking up this issue on behalf of affected government servants. Henceforth, government employees are requested to report unauthorized deduction of salaries to the office of the ACAUT Nagaland or call its Public Grievances Cell at the ph. Nos., 8974761098, 8974956854, 9856915353, 9612169539.

Thanking you,
