In Nagaland, it will be better for us to follow Central model and have 'State Appointment Committee' (SACC) with Chief Minister as Chairman, Home Minister and Minister-in-charge of concerned department as Members and Chief Secretary as Member Secretary. In this way, we can bring the system back to the track which will also empower the politicians to function better by having officers of their choice to work with them.

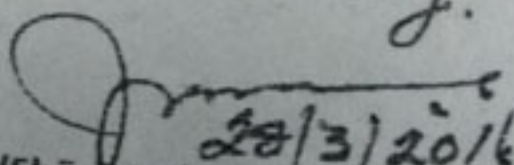

I am also enclosing copy of my earlier letter to all Cabinet Ministers dated the 26th February, 2016 regarding regularisation of service of Contract/Ad hoc appointees after completion of three years in service. Because of this existing rule, all these appointees anticipate that their services will be regularised after fulfilling the conditions laid down. If we abruptly change the course, more than 1000 people will go against you in your next election like 1993 episode where more than 800 senior people went against us on the issue of superannuation of age. From outside the Govt. we find that many of your present officers are still serving other masters and, therefore, proper calculation is very necessary.

With kind regards.

All Cabinet Ministers.

Govt. of Nagaland.

Love C.M

Yours *Sincerely,*
